

# CAR CARE

## Detailing, Drying, and Blowing

Say goodbye to water spots and welcome the efficiency and effectiveness of the XPOWER A-12 and A-16 for perfectly dried and immaculately maintained paint care. The XPOWER A-12 and A-16, the ultimate solutions for automobile drying, whether you're a professional car detailer or an avid car enthusiast dedicated to the care of your beloved vehicle.

We all recognize that the drying process is a vital step in maintaining the pristine condition of your car's paint. Both models include a Mobile Dock with lockable caster wheels for easy handling and flexible self-expanding hoses with two attachment nozzles.

The A-16 is rated at 19 amps with a 15ft power cord, while the A-12 is rated at 12 amps with a 10ft power cord.

- Powerful air flow for fast and convenient automobile drying and detailing
- Improves drying time
- Lowers the likelihood of watermarks, swirl marks, and paint scratches
- High Velocity CFM airflow with Variable speed control knob
- Re-useable/washable intake filters; easy to clean and maintain
- 2 different nozzle attachments included (flat and cone)
- Flexible hose and heat hand guard; self-expanding user-friendly hose
- Mobile Dock includes four durable smooth wheels for easy hands-free movement and lockable casters
